Subject: RFA admits: record biofuel requirements (RVOs) under Trump

RFA's own testimony shows Trump EPA has required more RVOs than ever before AFTER the SREs. (Plus gave them E-15.) Check out this chart on page 5 of their testimony.

https://energycommerce.house.gov/sites/democrats.energycommerce.house.gov/files/documents/Witness%20Testimony_10.29.19_Cooper.pdf

As described more fully later in these comments, the current Administration's vast expansion of retroactive SREs has rendered EPA's annual RVO rule meaningless, introduced tremendous
